PROFILE

Analytical Penetration Tester with over 7 months of hands-on experience in various domains such as security testing and penetration testing. Strong knowledge of network architectures, operating systems, and cybersecurity tools. Confident and communicative professional proficient in scripting paired with familiarity with Unix and Windows. A collaborative team player committed to working with businesses and organizations to identify and resolve security vulnerabilities and weaknesses affecting digital assets and computer networks.

Knowledgeable Jr. Penetration Tester with a proven history in uncovering system vulnerabilities and enhancing security protocols. Demonstrated success in conducting comprehensive penetration tests that identify and mitigate risks. Showcased proficiency in network security and vulnerability assessment.

WORK EXPERIENCE

■ BytecapsuleIT - Jr. Penetration Tester (training)

Dhaka (Remote) 07/2024 - 03/2025

- Implemented remediation strategies for identified vulnerabilities, reducing the risk of cyber attacks.
- Continuously refined penetration testing methodologies in response to evolving threats and client feedback, ensuring ongoing relevance and effectiveness.
- Conducted source code reviews to identify potential weaknesses in custom applications before deployment into production environments.
